

# Letter - Surgery closure opinion

Published: **July 07, 2010 10:00 AM**

I had a very complex abdominal surgery in December of 2006.

I am deeply grateful for the quick diagnosis, arrangements and expertly done surgery at Victoria General Hospital.

Surgery is no different than any other human activity. Skill and ability comes with practice.

My operation was successful due to the experience of the surgeon, who does this operation routinely.

I myself am a retired surgeon (ophthalmology), and agree with the opinion of Dr. Shane Barclay and with the closure of the surgery.

You do not expect to become a good golfer if you only play occasionally.

JOSE K. BUSTILLO, M.D.,

(retired),

SALT SPRING
