Bravo David Borrowman for last week's Viewpoint ("Current model better than 'smart' option"). Couldn't have said it better myself.

Kudos also to Dr. Holly Slakov for her In-Depth piece "Surgery issue not black and white."

It was most refreshing and helpful to read her informative, caring doctor's perspective that doesn't assume everyone without an MD after their name is an idiot.

Oh, and one more for the Driftwood: I'm pretty sure Mona Fertig was serious about giving Peter Vincent a long vacation.

Why not give us all a break and take her request seriously?

Joanne Bealy,
